

Appendix B – Implementation Schedule

Entire Jurisdiction

Based on the results of the self-evaluation, the estimated costs associated with providing ADA accessibility within the entire jurisdiction exceeds \$10,000,000. This amount signifies a significant investment that Washington County is committed to making in the upcoming years. A systematic approach to providing accessibility will be taken in order to absorb the cost into the Washington County budget for capital improvements.

The County's Capital Improvement Plan can be found here on the County website:
